# Bruneau Elementary – Hard to Fill

Regarding K/1 posting –

- We have had it posted since last spring. We refresh our postings each week
- We have had three interested applicants; however, for various reasons, either the candidate pulled out or the interview committee decided not to move forward, it remains open.
- Currently, we have 35 K-5 students at Bruneau, two 3-grade combo teachers.
- One teaching K,1,2 and the other teaching 3,4,5. We have hired paraprofessionals that are assisting in each room.
- We are continuing to recruit and accept applications for the position until December. Then, in the spring, we will re-open for next year in hopes of finding a K/1 teacher.

# Juul Tobacco Settlement

The Bruneau-Grand View School District entered the Juul Vape/Tobacco Settlement Lawsuit in 2021.

This was a \$438.5 million dollar settlement between e-cigarette maker Juul Labs Inc. and more than 30 states will require changes to the company's marketing practices that allegedly target youths. Separate litigations were brought by hundreds of school districts across the country that contend they have been harmed by the rapid rise of student vaping.

The largest award receiving district was New York City Public Schools with 1,584 PK-12 schools. They received \$7,210,714.00. The smallest amount awarded was to 189 school districts for the amount of \$2,524.00 each.

**BGV was awarded a settlement of \$2,945.00.**

1,526 school districts were awarded settlements.

**Action Required** – Approve release of all claims toward Juul. Vote needs to be recorded in minutes in order for funds to be released and sent.
